Subject: Ethics, Gossip, and Responsibility in the Age of AI and Neurotechnology

Dear Honorable President Donald J. Trump,

In this era of rapid advancement in artificial intelligence and neurotechnology—such as brain-computer interfaces (BCI)—we must remain deeply committed to ethics, transparency, and respect for human dignity.

Gossip, by nature, is the art of saying nothing in a way that leaves almost nothing unsaid. It can turn misunderstandings, half-truths, or private information into damaging narratives that hurt real people. In the world of AI, this danger becomes even greater. With powerful tools in the wrong hands, information can be twisted, reinterpreted, or taken out of context—often leaving the audience misled and the individuals involved unfairly judged or harmed.

This is especially concerning when AI platforms or neurotechnologies are used not for research or human benefit, but to manipulate, misinform, or discredit others. People may be misunderstood, lied to, or have their actions and intentions misrepresented. When such miscommunication is spread—whether by humans or AI—it can quietly destroy reputations, relationships, and trust.

We must be careful not only in how we design and use these technologies, but also in how we speak about others, especially in public or shared spaces. Ethics in AI isn't just about code or data—it's also about character, intent, and integrity.

Respectfully,

Joan Hollingsworth

Dear FOIA Officer,

Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I am respectfully requesting any and all records, documents, reports, communications, or data concerning the following:

Joan Hollingsworth-Joan Hollingsworth Brand-We Are One Southeast Chicago-weareonesec.com

Facebook account: @HollingsworthJoan1-LinkedIn profile: Joan Hollingsworth-YouTube channel or any associated Google accounts

For over three years, I have attempted to obtain information related to myself and the above entities without success. I believe my emails have been accessed without my consent, and all my digital information may have been seized. I have heard unverified reports of potential search and seizure activities involving my electronic accounts, but I have never received any official documentation, notification, or compensation as would be expected under due process, the Fifth Amendment, or any eminent domain claims.

To date, I have not been represented by legal counsel and have not authorized any individual or entity to act as a fiduciary or representative on my behalf. I request that any response to this FOIA request be sent to me via U.S. Mail only, as I believe my phone and digital communications may also be compromised.

Additionally, I have heard rumors regarding the possibility of a home or inheritance in my name, yet I have not been officially or unofficially informed. I am requesting that the Treasury Department confirm whether any records of such assets exist.

Please inform me of any fees in advance of fulfilling this request. If possible, I request a fee waiver, as the information is of personal significance and not for commercial use. If any part of this request is denied, please provide the reason for the denial and inform me of my right to appeal.

Thank you for your attention to this matter.

Friday June 30, 2023

I am here today with the vision of feeling at peace, intuition and telling my truth. The world and the people some of the people don't believe in kindness. There is this era of silencing people and destroying those like you who don't fall into their programming.

I never and still don't believe in what many others believe. I am going to keep what I found in Chicago. That is hearing myself, loving myself and finally living a life that is being true to me.

As the world changes and our humans become more focused on fear, hatred and forcing their truth to be, societies myth will not now to be ourselves.

I tell this is my story. I grew up in Milwaukee Wisconsin as a child my mind and my spirit was clear, pure and clean.

I wore thick glasses and was very thin. I was mocked as a child because of these beautiful attributes. I am not from the dimision as I look back in retrospect I always had a sincere desire to help people. Money was never a priority to me. I saw beauty and good in everything, so much so the point where as I thought the world was a magnitie place, I trusted people. The Geist was so unconditional that I was looked at as a fool.

My parents Mattie, Effard, Hellingworth and my father Clarence, Hellingworth were from Georgia. Not highly educated to say these negro American Africans in the 1920's and were indentured slaves. My father's mother was a maid. It is believed her first child, Alberta was her slave master's daughter. She called our grandmother, Maria Loudy. Her given name was, Florida Williams. She married Johnny Hellingworth. He, Hellingworth, was more educated. They despised my grandmother because she was not educated. So when my grandfather

married my grandmother but  
stop speaking to him. He  
died at a young age,  
lonely and an alcoholic.

My parents were hard working  
and resilient. They became  
successful entrepreneurs. If  
they should have had more  
business savvy they would  
have probably been billionaires  
to only have the greed of  
white racists to take it  
away as they have done to  
so many beautiful American  
Africans. Sell Cosby off and others.

According to the传ous my mother  
would have buried my oldest  
sister, Charlotte at 12 years  
old. Charlotte is eight years  
older than me. She was my  
college sweetheart and had  
three children. She always thought  
she was the smartest person in  
the room and taught my children  
to my regardless who you but  
mother you had to lie about, steal  
or kill. Trust me she did it all  
while hiding as a Christian many  
in our family believe. Her children  
were Otto N Lynette (Necia), Dr.  
Sarah McNeely and James McNeely

Her daughter T. Lynnette who was named at birth, Teicia, changed her name because she thought it was too black. Her son S. Darren was a sweet but went wicked and molested my granddaughter on one drunk night. Her eldest son James B. left and moved to Champagne - one of her children but James B. had a family of children. All these teams breakers and were close mit from Guidance. Charlotte was a mischievous Clark Witch. She is not my father child.

My next was given the government name Grand. She was built much like my grandmother with darker skin and short stature. She told me when I was in grade school that she was abducted by aliens. No one believed her. She remembered suddenly being taken up in the air and returned. After this she had her two oldest children, Raylin and Latonya. She searched for a while other than our family. I always felt that she didn't belong either. Well, she found her people. It was at that time the Nation of Islam ended. The honorable Elijah Muhammad. I

Here she met a man, and birthed Natasha. He was a little weird to me as a child. He watched TV a lot, and had sudden loud outbursts and beat her up often. Later she divorced him and married Yosra and a daughter. Ma hasn't been. Yosra was also physically abused to the extreme. He was very business savvy and bought her a house and they divorced. Yosra like it was struggling with not being nurtured because all parents struggled with infidelity and becoming financially independent. She never felt she was accepted as my father's child. She was the darkest in the family, a Muslim and that she didn't get it.

Eventually she moved to Washington DC and ~~met~~ became more stable. Later she moved to Philadelphia and met another man in her mid 20s and birthed a son. Yosra. They also divorced. I forgot to mention Sutton, the son he had. Ma hasn't. I don't know who his father was. Yosra always put her children first and made sure they went to muslim schools and followed their practices. 3

Open there like there is my lineage  
 First I'll start off by saying I  
 Was the third child. Charlotte  
 Was 8 years older, Yvonne was  
 Nine years older. At a young age  
 I was very active, in community  
 And social justice. I was on the  
 Board as a teen with Valley of Peace.  
 He raped me at 14 years old. I told  
 My parents someone pulled me off the street.  
 But a cop name Henry Russ said  
 No, did nothing & told my parents we  
 Did nothing. I later learned through  
 Ancestry.com at my mother's birthday  
 12, so now I understand why. I guess  
 Then I later met a man at 16 who  
 Was a DJ and had a necklace, Terrell  
 Wilferson. He also raped me first  
 I began to think rape was something  
 That produced my son Sean. Then  
 I met a very handsome man who  
 Played The Flute in my early late  
 Teens Wendy Brown who produced 5  
 Years later Sean. I also adopted  
 Day 3 children from Kenneth Martin  
 On my 30's I married Eli Harrington  
 6 years later we divorced. I moved to  
 Chicago in my early 60's and married a  
 Cranston man Kevin Keith Brown and  
 Eli were both abusive in different ways.

Now lets talk about my brother Dayne  
 He married Yvonne Taylor his  
 High school sweet heart. They produced

Grandi and Sharie. Later a son  
C) (Cedence Jr.) many rumors say  
he is half Indian because he  
was pregnant during a rough patch  
in their lives. One, a general, like  
others Jr. struggled with Dad because  
he felt Dad put other people  
before him. He was a motherless  
boy, like myself grew up  
raising ourselves. He was five  
years younger than me. We came  
up without guidance because  
our parents were never home  
and our older siblings were  
out of the home living vagrancies.  
At this time our parents had  
separated, both working Dad at  
his gas bar & limousine service  
and mom in real estate business or  
working as a respiratory therapist.  
We had all the raw things, clothes  
and money but no structure. We  
both grew up in the streets with  
substance abuse. My sister had  
his family & my family was the  
community. The dark & light.

There is one more child Colina whose  
mother was one of Dad's mistresses.  
She later married Vela Cotton &  
moved to Atlanta. Cotton had 3  
girls Keisha, NeNe, Whatta and a  
son

## My life in Politics

Early in life I was told into my gift (you see everyone has a gift). Some people identify their gift early, some never do and some figure it out at a later age called wisdom. I am the latter. Let me explain I recognized my gift early and doubted but I didn't know it was a gift until I became a senior. Don't get me wrong there are no regrets here, I had several adventures and still do today. My parents were so busy making money the gift were not nourished through inspirational supports although we were financially ok.

Most of my experiences has been in two fields politics and sales. To me they are one in the same. I believe it was put into me in my elementary years at St. Boniface where I became a member of the VANCE youth council. I also marched with Dr. Martin King in Milwaukee. From there I worked at the Milwaukee Community Journal and the Milwaukee Express. My biggest passion was inspiring people to vote. I had an excellent company, Hildingsworth Harrington Consultants 90% of my campaign endeavors were winners and historic.

But getting in and no family nurturing led me to not feel secure in myself, and learn to put others before my family; yes you got it from my parents. (My passion to help others made me a foolish, forgetful, lack of business expertise and no mentor. I fell into the same cycle as my parents. Not making my money bring financial stability for my family. My giving, sharing & care spirit left me open for the corporate theft and abuse from the people closest to me and even my family. One more thing my independence spirit by nature was very & became blackmailed so many times only to be used again when the Dems in Wisconsin wanted to balance up the odds at this ~~Oppressed~~ state

### The Why I have been targeted.

So Wisconsin blacked balled me when Mark Green ran for Governor of Wisconsin & I supported him. My political days were over with when I supported them. I was the go to lawyer of the infrequent voter. I had moved to Chicago and my sister Iresina now she goes by Maapua Abdulla, & she's

Visiting me at a Mosque in Chicago;  
 She wanted to go to a Mosque while  
 she was there she met a man  
 named Sean Tenner. Sean was  
 the campaign manager of the only  
 Muslim judge in Illinois. He was  
 appointed judge Simpkins. This  
 was his first campaign to retain  
 the seat of his appointed position.  
 He dragged out his sister to Sean.  
 They stated up. Sean I guess did  
 the research. He chose me, trusted me  
 with large sums of cash, mistakes as  
 a campaign manager you made. He thought  
 was off point. The streets should have  
 been the target, not the black Christian  
 churches. Needless to say Simpkins lost.  
 His doctor was jailed Chicago style  
 Sean Tenner's father is a well despised  
 union official. After that election Sean  
 Tenner did all he on a role of winning  
 campaigns for several years.

I volunteered and pursued my passion  
 of event planning. I worked at 63  
 Health for a couple years, learning how  
 the Affordable Health Act operated.  
 While staying in SE Chicago I  
 planned my first Juneteenth St  
 festival. I keep on mind I grew up  
 in Milwaukee and we celebrated Juneteenth  
 since I was a child. I never did to good  
 with authority + gatekeepers. Which  
 leads me to another why. Angela

Hurlock was the gatekeeper for the Clarion Cafes in SE Chicago. At that time Alderman Sue Gargi gave me a permit to have the streets blocked off. Angela Hurlock said "you can do it but it's ours." I thought how odd how is it yours if I am putting it on. It was successful. My daughter was having money & husband trouble so she moved in with me. Although she didn't tell me the story, I helped her get an apartment on the block with the same guy (elderly realtor) Clarion Cafes and Angela Hurlock was the HNIC. The property was nice looking but had dysfunctional plumbing. The entire apartment flooded the first day. No repair and my refund. My daughter blamed me and left. Then my lease was not renewed. I always paid on time. I filed a complaint with HUD. Trump was president at the time and won. I married Kevin Keith and we also met through Sean Tonney and moved to Lincoln Park in a Chicago Housing Authority Senior Building.

At the same time I was a volunteer Senior Health Insurance Program Coordinator and City of Chicago Village Coordinator at the Atlas Regional Senior Center. This was so rewarding.

We had stellar events from Juneteenth, Older American Month to Kwanzaa. ~~the~~ Election for a new mayor in 2019 was primary, Sean Tepner became Commissioner, because of his dad and over several Winnipeg streaks from mostly judicial candidates and the Dems chose Rahm. Couldn't or chose not to run again because of the McDonald, Lujan cover up.

2019 The run off was between Lori Lightfoot & Toni Preckwinkle. I supported Toni and Sean supported Lori. Sean was the campaign manager for Michelle Smith 43rd Lincoln Park Alderman and Sean supported her. Actually she pulled her through. Needless to say Lori did not like me. And guess who I made head Commissioner of CHA, Angela Harlock.

COVID In 2020 covid hit. Emerging shutdown. When they "The government" said stay in, I went out and did census work. Also worked Wisconsin 2020 ~~presidential~~ as the Wisconsin Census Data Engagement Director for the NAACP.

Juneteenth We had several virtual Juneteenth events my company We Are One Northeast Chicago at ARE ONE StC. In 2020 it was a virtual worldwide one just the spotlight on Milwaukee and Chicago. Sean had always supported me as I supported him. He beat me but graphic artist and web man now I spotlighted some upshots. He turned it

into a big event. I was good  
 mad. Then in 2021 it became  
 a holiday. Mind you in 2020 when  
 the Mayor of Milwaukee Tom Barrett  
 did a video for me as well as a (council)  
 Alderman O'Donnell. Alderman Michelle  
 Smith also was super supportive financially  
 as well as Capperman. Both of them  
 are not currently in office. Little did  
 I know that Milwaukee Cafe keepers  
 were angry because the Black Bazaar  
 me and these the keepers said Ben  
 was directly planning a tapeline  
 of my company because it was  
 Darcosommy a holiday and in  
 in his mind was my master. Now  
 doesn't all of that except the  
 purpose of Juneteenth and

~~Freedom~~ Democracy. In 2022 it was  
 contracted once again by the NAACP  
~~Marie~~ to do the Wisconsin Midterms  
 for Milwaukee, Kenosha and Racine.

Mr. John Mandella Barnes was running  
 for Senate. Congresswoman Lauren Moore  
 was the stat. After Barnes lost  
 and the Dem won every one. If seat  
 Congresswoman Moore & thus a little  
 pointing that high-profile frequent visitors  
 should be paid the same \$30.  
 an hour, as the white people  
 who ~~were~~ there here to go  
 into those neighborhoods they  
 were afraid to and didn't go in.  
 How do I know? I was in those

(Now) These, likely suspect many of which can't stand each other have come together on one accord to disgrace, humiliate and destroy my credibility, WOR!!!

(In Wisconsin) and Illinois, specifically Milwaukee and Chicago have utilized it, my phone and Camera's in my Chicago Housing Authority apartment to before do a private, really show about my life to put me in a different light from here to an embarrassing place.

They done sent out text with my phone numbers attached as if I am big enough to come and work for Sean again. I will never work for Sean Tenner in life. All my friend and business associations dropped off and stopped calling me. They used telling people I am untrustworthy and stay away from me. I believe Sean Tenner and Aly, Aly McNeely has copy written my website Charlotte enen contacted you Tice

and claimed a copyright infringement for Stevie Wonder because it used his music for a video I did on my mom's home going alt didn't work. We are currently in copyright dispute going on right now. Then they have you tube video stalking me. My youtube ~~the~~ network posted me including my family. They have ~~is~~ lead me to believe they have videos of me but it is not me. The alt is the like of me. They also sent me messages that their voice is louder than mine. That it is best my voice send by ~~legal~~ too.

Just yesterday after I went on an FBI work shop on noon my Mac was hacked there, all keyboard on my screen and my keyboard is jumbled. I just push D or K comes in and all begin sign up. This will be the 2nd time all have to get my computer reset, I reset my phone almost weekly.

~~THE LESS~~ The lesson I learned is how to be the lesson resilient. A few will, 2 people I have known one old and one new. This disrupt my security. They all am sure has got reprobations behind it. They also helped me grow. Nothing scares me, I know I alone humanly because of love me. My favorite song is Joanna by Bob Dylan and The Gangs. 15

The same men played Facebook & YouTube games on my husband's stopped my ~~Facebook~~ Facebook page & Twitter & Tik Tok but they hacked into my pages and became the business owners and they are operating as if it is me. They are also threatening me and family but yet this they have the recipe to come back and ask me to help in 2024. How fucking I give you my all unconditional -

I have the right to speak my by the end of my voice shakes. What the future is for me potentially I don't know. But what I do know I am good at inspiring others to vote because I am pure & sincere. As far as a party is concerned I am a blunt first and work for the top pay. But that doesn't mean I agree with all your beliefs

**RE: FOIA Request Regarding Involuntary Involvement in Virtual Reality or Experimental Program**

Dear FOIA Officer,

Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I am requesting access to any and all records, files, communications, or documentation related to myself, Joan Hollingsworth, in connection with the following:

Any government-run or contractor-run simulation, virtual reality, behavioral science, psychological, neurological, military experiment that I may have been involved in or subjected to—willingly or unwillingly;

Any programs, projects, or operations related to voice-to-skull (V2K), neural monitoring, surveillance, or augmented/virtual reality technologies connected to civilian populations;

Any records pertaining to “We Are One” or related entities or initiatives operating in Southeast Chicago;

Any government seizure, search, or use of the property at 1845 N. Larabee St., Apt. #514, Chicago, IL 60614 under eminent domain or similar authority;

Any references to my name, address, or identifying details in internal memos, investigations, or communications from the year 2010.

I believe I may be part of an involuntary or covert government experiment involving simulation or virtual reality technology. I have not been notified or given the opportunity to provide informed consent. I have recently heard what I believe are targeted audio communications and have reason to fear for my safety. One such statement included a directive to “take me down,” which I interpret as a potential threat to my life.

This request is made in good faith to better understand whether my rights may have been violated and whether I have been subjected to any unauthorized surveillance, experimentation, or property-related actions.

If any part of this request is denied, please specify the reasons for the denial and the legal grounds on which it is based. If the information requested is classified or sensitive, I request that you provide all non-exempt, reasonably segregable portions of the documents.

I am willing to pay reasonable fees for the processing of this request. However, please notify me if the estimated fees will exceed \$25.

L N P

Thank you for your attention to this matter. Please confirm receipt of this request and advise me of any further steps needed to obtain the requested information.

Sincerely,

**Joan Hollingsworth**
